

Dekel Riess

Game Designer & Developer

dekelriess@gmail.com · linkedin.com/in/dekel-riess-39172433b · github.com/Dekeloni2 · dekeloni2.github.io/portfolio-website

PROFILE

Game designer and developer studying at Tiltan College of Arts who designs systems, writes code, creates pixel art, and edits trailers — covering the full pipeline solo when needed. Driven by creative thinking, a strong sense of ownership, and a track record of building games that feel great to play.

EDUCATION

Game Design and Development — Tiltan College of Arts

2024 – 2028 (Expected)

EXPERIENCE

Yourpixel — Community Manager & Game Designer

2017 – 2020 · Minecraft Server

- Designed and developed diverse game modes to support different playstyles
- Planned and implemented features aimed at increasing player engagement and retention
- Created quests, world-building elements, and in-game narrative
- Recruited and led a team to support upcoming game mode development
- Grew active player base from ~30 to ~200 concurrent players

YouTuber & Content Creator

2012 – 2023 · Minecraft / YouTube

- Built and sustained an audience over 10+ years of consistent content output
- Managed a community of thousands across long-form video content
- 20,000+ subscribers with strong engagement metrics

PROJECTS

Dekelatro

Finished · Solo · C#

Balatro-inspired card roguelite built as the final project for my Introduction to C# course. Implements the full scoring loop, shop economy, and run pacing.

Trials of the Dungeon

Finished · Lead Designer · Board Game

Cooperative dungeon-crawl board game for up to 4 players. Designed tile exploration, combat, class cards, and economy systems. Wrote the full rulebook. Physical product delivered for Game Design course.

Creature-Collecting RPG

In Progress · C# · MonoGame

Monster RPG with an exclusive 2v2 battle format and elemental reaction system. ~15 minutes of gameplay, 10 obtainable creatures. Intentionally small scope.

Android Survival Game

In Progress · Unity · Android

Mobile survival game with a full meta progression loop. Designed for short sessions with meaningful offline rewards and a deep upgrade economy.

Dice Bound — GDD

Design Complete · Unity (Planned)

Complete Game Design Document for a party-based idle RPG. Written as part of a competitive college extracurricular program as lead designer on a 3-person team.
